REPORT OF FIRE WARDS

The company has answered forty alarms the past year, three less than a year ago. Thirty-nine being for chimney fires, one general alarm for a barn at Stone Pond, at least two of the chimney fires would have been serious, except for the promptness of the company in getting there. The past year we have added a Reo Speed Wagon to take the place of the horse drawn hose cart, which adds a lot to the department, at a small expense to the town. We have a full company of twenty-one men. Several repairs have been made at the fire station the past year which make it in good shape. We feel that the town should be proud of its fire department at the present time. We would recommend the purchasing of some new hose this year.

REPORT OF FROST FREE LIBRARY

The annual meeting of Frost Free Library was called to order by the vice president, Mabelle F. Page. Prayer was offered by Rev. O. R. Washburn.

The report of the secretary was read and approved. The treasurer reported \$913.94 received, \$570.38 expended, leaving a balance of \$343.56.

The librarian's report was read and accepted.

The following officers were elected:

President, Rufus S. Frost,
 Vice-president, Mabelle F. Page.
 Secretary, Carrie K. Whitney,
 Treasurer, Fred D. Hemenway,
 Librarian, Elfreda K. Cheeseman.
 Auditor, Rev. O. R. Washburn.

It was voted that Rev. Mr. Pierce serve on executive committee in Mr. Weston's place.

Voted to grant the use of the library grounds for a town picnic if the Frost heirs think it advisable.

Voted to remove two trees on library grounds.

Voted to extend thanks of library to Will Farnum for work he had done.

Voted to spend \$100 for new books.

Voted that Mabelle F. Page and Carrie K. Whitney serve as book committee.

Voted to ask state secretary to come to Marlboro to look over books, the expenses to be paid from the library fund.

The excellent portrait of Rev. S. H. McColleston, presented by Charles B. Knight, was accepted with thanks to the donor.

Adjournment.

CARRIE K. WHITNEY,
 Secretary.

LIBRARIAN'S REPORT

To the president and trustees of the Frost Free Library, the librarian submits the following report, for the year ending Oct. 6, 1926.

The library has been opened 109 times with a total circulation of 6,500 books, 3,835 of which were adult fiction; 2,045, juvenile fiction; 386, adult non-fiction, and 234 juvenile non-fiction. The total circulation of magazines was 2,929.

Two hundred new books have been added during the year, 104 juvenile and 96 adult. Forty-eight of the books were purchased from the library fund, and more have been ordered. "The Lincoln Library," a splendid, up-to-date reference book, was also purchased from the library fund, and has already proved its long felt need among the school pupils.

I feel that thanks is due those who have so generously given books to the library during the year. Ten more donated by Mr. and Mrs. David P. Woods; 23 by Mrs. Charles H. Frost; 30 by Mr. Charles Webb; one by Warren Mason; two by Mr. O. C. Stockwell, and 86 juveniles by the Universalist Sunday School Library.

The same complete line of magazines is still on the table, although the "Success Magazine," which has proved very popular, is the only new one on the list.

REPORT OF HEALTH OFFICER

The sanitary conditions of the town seem to have improved, there being no complaints during the past year.

There have been cases of scarlet fever, off and on, through the year in different parts of the town. They do not seem to be communicated from one case to another as quite a number of weeks intervene between most of the cases.

It would be well for all cases of sore throat with vomiting to be reported to the health officer, so that they might be investigated.

There are some cases of scarlet fever so mild, that it is hard for the parents to distinguish it from an ordinary illness. Perhaps the patient doesn't seem sick enough to call a physician, but they can give the disease just as readily as a more severe case.

On Jan. 21, 1926, a free illustrated lecture on "Underweight Children" by Dr. Robert B. Kerr, state T. B. specialist, of Manchester, N. H., was given in Town Hall. It was well attended by women interested in child health. Mr. Charles Beauregard very generously gave his time and use of the moving picture machine.

On May 1st "Health Day" was observed by a parade sponsored by the local Woman's Club and assisted by Miss R. Hemenway and E. J. Burke. The school teachers gave much of their valuable time in preparing appropriate costumes and banners to be used by their classes which made the whole a very pleasing and colorful spectacle. There were one hundred ninety-six children in line headed by the school drum corps under the leadership of Mr. L. Anderson. All children in line were given free ice cream cones for which interested townspeople contributed funds. At the end of the march C. B. Collins Co. presented each child with a stick of candy.

A clinic for children of pre-school age was held in Engine Hall May 6th, the firemen giving the use of the rooms which made an ideal location for the clinic. Thirty-five and one-half hours were devoted to collecting and writing histories of children under six years of age previous to the conference.

The clinic was conducted by:

Miss L. M. Lupien, R. N., State Board of Health Nurse and Dr. W. D. Morris of Keene, N. H., assisted by Miss C. M. Gobie, R. N., Claremont, N. H.; Miss Ruth Hemenway, R. N., Marlboro, N. H., president nursing association; Miss Maybelle A. Philbrick, R. N., president Keene nurses' alumnae association; Mrs. Mable Page, Mrs. Chas. Lang, Mrs. Forrest Hart, Eva J. Burke, R. N., local visiting nurse.

There were thirty-two children given thorough physical examinations and mothers advised. Record cards were made out and reports made to each family by nurse.

The Nursing Association at this time would like to thank all citizens who have given their time and use of automobiles

in transporting patients; also to the American Legion Auxiliary for their support in giving clothing and to the W. C. T. U. and women of the churches for making dressings and donating old linen and newspapers. The telephone operators have at all times been most obliging in handling calls and assisting in saving time for the nurse in responding to them.

The dental clinic conducted by Dr. G. Arthur Danforth, D. D., of Manchester, N. H., is being successfully conducted at the local school building and it is expected that by the conclusion of the clinic there will be well over one hundred pupils with absolutely clean mouths. There also has been a generous number of adults receiving dental correction by Dr. Danforth outside of school hours.

We are also planning a clinic for underweight pupils by Dr. R. B. Kerr, Feb. 25th, 1927.

We conducted a rest room in the lower tenement of the Geo. Capron home during the day of the 150th anniversary of Marlboro, which through the efforts of Mrs. Chas. Lang, Mrs. Proulx and Mrs. Lizzie Seaver, was a great success. We also sold souvenirs of the day in the various stores and booths.

Nursing service for the John Hancock Life Insurance Company was adopted this past year.

Respectfully submitted,

EVA J. BURKE, R. N.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Marlboro:

It is with pleasure that I herein submit my fourth annual report as superintendent of your schools.

America's greatest problem today is to train the rising generation of boys and girls into law abiding and useful citizenship.

This implies a thorough preparation in the fundamentals of mental, moral and religious life.

No generation of boys and girls ever faced so many temptations and pitfalls of society as modern life presents today.

It is the duty of the home, the school and the church to train and guide the emotions of children to a greater degree than ever before.

The value of an education is primarily judged by the success with which it prepares the pupils for the responsibilities they must assume as citizens.

MARLBORO HIGH SCHOOL

Headmaster Bissell reports the following data:

"The following is a brief report of the activities in Marlboro High School:

"The enrollment in the Junior High School is 62.

"22 girls and 40 boys.

"The High School enrollment is 54.

"25 girls and 29 boys.

"There are at the present time three courses of study in the high school, namely the Classical, Commercial and the Domestic Arts and Science. The number of pupils in each course is as follows: Classical 16; Commercial 26; Domestic Arts and Science 12.

ATHLETICS

"The basket-ball season of 1925-26 was successful. The boys team winning 15 out of 24 games and the girls team winning 10 out of 15. The boys and girls both finished second in the Monadnock League.

"The baseball season of 1926 got away to a bad start Marlboro High losing six out of the first eight games and her chances seemed very poor of winning the league trophy. Marlboro High won the last eight out of nine games, playing off a tie with Milford June 19 at East Jaffrey and winning the game and the Monadnock League title, also a cup which is the first one ever held by Marlboro High.

"The members of the championship team: Alfred Lambert, Carl Lane, Omer Dumont, Carroll Lang, Edward Croteau, Sidney Hildreth, Leonard Morse, Albert Bushey, Carl Demerse, Gordon Proulx, Burnell White, Henry Cruickshank and Merton Buckminster.

"The basket-ball season to date has been the best of all, not so much in games won as in the quality of the games played. The league race is close with five strong contenders. The record of Marlboro High School: Boys, won 9, lost 7; girls, won 7, lost 4. In the league the boys have won 4 and lost 3 and the girls have won 4 and lost 3.

"The school has for some time felt the need of an athletic field. Marlboro High with the aid of a few friends purchased the Water St. grounds and have given it a new name, Alumni Field."

LITERARY ACTIVITIES

Prize speaking was held May 21 in the town hall, the following speakers competing: Marion Lawrence, Linda Frechette, Thelma Johnson, Dorothy Harris, Emily Bouvier, Burnell White, Oscar Croteau, Allison Coutts.

Results were: Linda Frechette, 1st, Thelma Johnson, 2nd, Dorothy Harris, 3rd.

"A debate was held at the high school, the question for debate being, 'Should capital punishment be abolished?'

"Negative side: Merton Buckminster; Sidney Hildreth and Thelma Johnson.

"Affirmative side: Carolyn Parker; Oscar Croteau and Rose Hackler.

"The affirmative side won the debate.

"On November 19th, '26, the high school prepared the play, "Aaron Boggs, Freshman," for the benefit of the Senior Washington trip. Under the direction of Miss Ethel Hemenway.

HIGH SCHOOL GRADUATION

On the evening of June 17, a class of fifteen, one of the largest in the history of Marlboro High School, was graduated.

The personnel of the class was as follows: Norma T. Atwood, Emily A. Bouvier, Omer M. Croteau, Oscar F. Croteau, Anita M. Desjardins, Marion F. Farnum, Rose A. Hackler, Ruth S. Hackler, Sidney A. Hildreth, Thelma G. Johnson, Carl I. Lane, Carolyn M. Parker, Violet E. Stewart, Margaret Tonseth, and Charlotte G. Webb.

On the following evening, a reception was given to the citizens and friends.

Fourteen of the class entered higher institutions of learning.

ELEMENTARY SCHOOLS

Promotions in June were based on results of following tests: Ayres's scale in writing and spelling; Charter's diagnostic language test; Stanford's achievement test. These were supplemented by frequent tests given by the teacher, a few by the superintendent, and finally the good judgment of the teacher. With these results were taken into consideration the ranks of the individual pupils throughout the year.

On the above five point basis, the following numbers of pupils were promoted to the next grade in the respective schools:

Grades	I	II	III	IV	V	VI	VI	VIII
Village	38	36	33	28	32	29	27	21
Wallace	1		1	3		2	1	1
<hr/>								
	39	36	34	31	32	31	28	22

All of your teachers have kept their instruction in line with modern psychological and pedagogical methods. They have placed emphasis on the fundamentals, viz, reading, writing and arithmetic, the use of good English, both oral and written, and a more extensive knowledge in geography and history. Good work has been done in drawing, music, health and nature study.

In number work, we have followed the following standard laws: Proceeding from the concrete to the abstract, from the known to the unknown, from particular to general, from problem to rule.

In writing, Houghton's system has been followed and we have aimed at neatness, legibility and a fair amount of speed.

At present we are placing additional stress on reading which is the heart of the curriculum, because through it, subject matter in all fields is interpreted and experienced. We are trying to eliminate "word calling" and in its place develop some method which requires comprehension of the printed page. We must inculcate in our children habits of study which will train them to read intelligently and to study effectively. In order to make reading easy, rapid and pleasant and finally to inculcate a love for good literature, we must have an ever increasing quantity of the best reading material from grade to grade.

In September, we began the present year with the same corps of teachers, both in high and elementary schools except at the Wallace. Miss Ruth Bragg of Keene, a graduate of Keene Normal, was assigned to this school in place of Miss Locke.

In my opinion, all our teachers are conscientious in their duties and are doing faithful and effective work.

At time of writing, all the schools are running smoothly and give promise of a successful year.

In conclusion, I wish to thank the teachers and assure them of my appreciation of their work, to acknowledge the cordial co-operation of parents and citizens and to express my gratitude to the school board for their help and support.

Respectfully submitted,

FREDERICK T. JOHNSON,

(Superintendent of Schools.
Marlborough, February 18, 1927.

TO THE SUPERINTENDENT OF SCHOOLS

As a result of the annual medical inspection—dental work was advised by Dr. L. G. Hildreth as the outstanding corrective work among the pupils of the local school.

No child can be expected to do efficient work while he has a badly decayed tooth or a pus area around a tooth from which he is getting absorption. It is generally understood that tonsils are frequently infected from an unhealthy condition of the mouth and teeth.

Dr. G. A. Danforth, DD., of Manchester, was engaged by the school board and Dec. 2, 1926, dental work was started at the school where a room is well equipped with dental chair, electric machine and a good sized cabinet for instruments and supplies.

The school board are paying for the cleaning and examining of teeth of all students and records in detail of work done by the dentist.

During the month of December the nurse spent sixty-two hours at the clinic and ninety-two hours in January.

To date ninety-five pupils have had their dental work completed, including fillings, extractions and treatment. The cost of work varying from fifty cents to twelve dollars.

While at the clinic we have attended any minor dressings. Previous to that time have cared for three pupils needing surgical dressings.

Teachers, school board and townspeople have co-operated with the result that our first dental clinic can be considered a successful undertaking.

During the year from Jan. 1, 1926, to Jan. 1, 1927, I have spent thirteen hours in school, weighing and measuring pupils, and find sixty-six that are eight pounds and over under weight. Dr. Robert B. Kerr, state T. B. specialist of Manchester, N. H., is expected to examine underweight pupils this year Feb. 25, 1927 as previously.

Respectfully submitted,

EVA J. BURKE, R. N.

We can not speak too highly of the valuable services of Miss Burke in our schools. After Dr. Danforth has completed his dental work, Dr. Hildreth will make his annual examination of the children. In his report we anticipate a large gain in corrective work, over former years, the result of Dr. Danforth's work among us.

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent of Schools:

Music is one of the most valuable subjects in the school curriculum, and the influence of music in the lives of both children and adults is more potent than that of almost any other educational activity. We realize that very few children become professional musicians. For the great majority, music study is primarily an important factor in making human life more satisfactory. It is taught for the great joy and satisfaction which it brings to many, not just enabling the few who will receive further professional training. So we must give the children, while they are still in school, all possible technical training and

the joyful experience of hearing and sharing beautiful music. Our aims are many, so through the short weeks of the school year we endeavor to accomplish all that we can musically.

Sight singing is important, because it gives the pupil a tool by means of which he is able to get at music, from which he would otherwise be shut out. A valuable activity in school music is the singing of many beautiful songs with good, pure, sweet tones.

So to develop good music readers with a fine quality of tone, and song singing of good quality individual and group reading is stressed.

Technical points require the major part of lessons daily, but a portion of the time is devoted to musical appreciation, through which the children create a feeling for rhythm, mood and beauty, especially in the lower grades. The first grade orchestra is a splendid example of these ideals, and its further development to the point of public appearance is an aim we hope to accomplish.

To sum it all, the aims of school music are to develop a love and understanding of music and sympathetic listening to the music of the masters.

The high school students display much interest for music and through the singing of the best songs obtainable, and their love for the art, we are able to improve in ensemble work, and to enjoy the time allotted us weekly.

Through this column I wish, as supervisor of music in your schools, to express my appreciation for the kindness and courtesy of the school board, and corps of teachers. My efforts would be futile if it were not for their cooperation.

Respectfully submitted,

GENEVA JEAN HOWE,
Supervisor of Music.
